

2016 İhsan Dođramacı Research Award* Winner Announcement

Dr. Jitendra Kumar Sahu

After a thorough vetting and careful consideration of all the grant applications, the İhsan Dođramacı Research Award selection panel is pleased to announce this year's winner: Dr. Jitendra Kumar Sahu, an Associate Professor of Pediatric Neurology at the Postgraduate Institute of Medical Education and Research (PGIMER) in Chandigarh, India. His research proposal is titled "Establishing Phenotypic and Genotypic Screening Model for Diphtheria, Tetanus, and Pertussis Vaccine Associated Seizures/Epilepsy."

Dr. Sahu is affiliated with the Indian Academy of Pediatrics (IAP), an IPA member society. The IPAF Executive Board congratulates Dr. Sahu.

*The İhsan Dođramacı Research Award (IDRA) provides US\$20,000 to a pediatrician for a two-year project focusing on child health and/or child wellness.
