4.1 Council of Delegates (CD): The control of the policies of the IPA shall be vested in a CD, consisting of one delegate from each Member Society.

Each Member Society shall have process for designation of a delegate to the IPA CD which conforms to IPA principles of representative and democratic governance. The officially designated delegate from each Member Society will duly represent that Society in all discussions and votes. Each Member Society shall communicate the name of its official voting delegate to the IPA Executive Director and Administrative Office at least 2 months prior to any CD meeting, and each country with more than one National Society shall communicate the name of the one voting delegate from that nation.
When a country has no Member Society, it may be permitted to send an official non-voting delegate to the CD upon the approval of the Executive Committee (EC) and Standing Committee (SC). This delegate may take part in discussions of the CD but may not vote.
