IPA Statement on Humanitarian Crisis in Gaza

The International Pediatric Association (IPA) urges for an immediate ceasefire in Gaza. IPA cannot stand silent to witness the distressing scenes of violence that endangers and claims the lives of innocent children.

We earnestly ask all pediatricians everywhere across the globe to join us in raising our collective voices and calling on governments and international bodies to act immediately to bring about a ceasefire and establish peace.

As pediatricians, we are committed to the health and well-being of all children. As part of the international community, we recognize the imperative to exert every possible effort to ensure that the conflict permanently ends as soon as possible.
