18 July 2014

Dear Dr Keenan,

**Recognition of the International Pediatric Association's
contribution to the Global Alliance to Eliminate Lead Paint**

Thank you for your letter and the support expressed for the work of the Global Alliance to Eliminate Lead Paint (GAELP).

In accordance with the operational framework for the Global Alliance, the International Pediatric Association will be included in a listing of contributors and will appear on the website of the Global Alliance together with a copy of the letter of intent.

The operational framework contains important information pertaining to the International Pediatric Association's status as a contributor to the work of the Global Alliance. Of particular importance are matters relating to public communication, especially use of the name "Global Alliance to Eliminate Lead Paint", the name, emblem and logo of the United Nations Environment Programme (UNEP) and the name, emblem and logo of the World Health Organization (WHO). As specified in the operational framework, the express written approval of UNEP and WHO is required before any such use. A copy of the operational framework is attached for your convenience.

We look forward to the International Pediatric Association's active contribution to the Global Alliance to Eliminate Lead Paint and your engagement in the work of this joint UNEP and WHO initiative. Should you have any questions, please do not hesitate to send an email to noleadpaint@unep.org and noleadpaint@who.int.

Yours sincerely,

Dr Maria Neira

Mr. Tim Kasten
Chief, Chemicals Branch
Division of Technology, Industry and Economics
United Nations Environment Program
11-13, Chemin des Anémones
CH-1219 Chatelaine, Geneva, Switzerland

Dear Mr. Kasten:

The International Pediatric Association (IPA) would like to affirm its support of the goals and objectives of the Global Alliance to Eliminate Lead Paint (Global Alliance) and is pleased to join as an official contributor to the work of the Global Alliance.

The IPA is dedicated to the education of health professionals. The IPA Technical Advisory Group (TAGE) on the environment prepares pediatrician leaders for improvement of the environment and the protection of child health through certificate training programs held around the world.

In addition, TAGE each month makes available critical environmental child related research to the 174 member pediatric societies through the IPA website.

We understand that this letter of intent and IPA's name will be publicly listed on the Global Alliance website. We look forward to continuing our partnership and working together to reduce exposure to lead from paint around the globe.

Sincerely,

William J. Keenan, M.D.
Executive Director
International Pediatric Association
